

15TH INTERNATIONAL GEORAMAN CONFERENCE

GeoRaman 2022 Prague

29th August - 2nd September 2022
Prague, Czech Republic

We are delighted to announce that, after a forced interruption due to the pandemic, the 15th edition of the international GeoRaman conference will return in 2022. The conference will be held in the marvellous city of Prague, Czech Republic, for the second time in 20 years, from the 29th of August to the 2nd of September 2022.

The Czech Republic is a central European country with interesting and rich history, culture, and geology. The conference will be hosted by Charles University, one of the oldest continuously operating universities in the world, founded in 1348.

The GeoRaman conference will cover topics from research areas of Raman spectroscopy applications in geology and mineralogy, cultural heritage, and exobiology. A field trip will be a part of the conference. A conference website will be launched soon.

Suggested main session topics include Raman spectroscopic applications in the fields of:

GEOSCIENCE, INCLUDING MINERALOGY
CULTURAL HERITAGE AND ARCHAEOLOGY
ENVIRONMENTAL SCIENCES
PLANETARY SCIENCE AND EXOBIOLOGY
RAMAN TECHNIQUES AND INSTRUMENTATIONS

We warmly invite you to participate in GeoRaman 2022 in Prague!

Adam Culka

On behalf of the organizing committee
